WASHINGTON STATE UNIVERSITY

Last Updated: March 2024

# **THE RELATIONSHIP BETWEEN WASHINGTON STATE UNIVERSITY AND THE WSU GREEK COMMUNITY**

Washington State University has maintained a relationship with fraternal organizations since eight men formed the first 'local' fraternity on the fifth floor of Ferry Hall in 1897. President E.O. Holland actively recruited Greek organizations for the WSC campus. During Dr. Holland's presidency, 22 new Greek chapters were established.

By the late 1990's, there were over 41 residential Greek chapters at WSU. Over the past 40 years, the University has, through various student affairs activities, actively advised the Greek community. Governance of the individual Greek chapters is through the vote of the undergraduate membership in consultation with alumni advisors and house corporations in adherence to (inter)national constitutions and bylaws, and the policies and procedures of Washington State University.

University recognized Greek chapters that comply with the Washington State University Freshman Approved Housing Policy are authorized alternative housing for freshmen. To maintain this status, Greek chapters must adhere to all the policies and the regulations of the University and their respective peer governing Councils. The group must provide appropriate support to this significant group of students, as it does all living groups, in order to assure that the living group environment is safe, healthy, and providing for a nurturing living and learning experience.

One of the means for official University recognition with these living groups is provided through the Interfraternity Senate and Panhellenic Association. These Associations establish criteria of membership for qualified chapters. The Board of Regents, through the division of Student Affairs and the Center for Fraternity and Sorority Life, recognize these two governing organizations and their constitutions and, therefore, indirectly recognize their member living group.

The Center for Fraternity and Sorority Life is charged with developing various chapters to enhance the educational mission of the University. The Center provides staff to advise the Interfraternity Council, other associated officers and student groups.

## **NORTH-AMERICAN INTERFRATERNITY CONFERENCE**

### **Principles of Action**

IN ORDER THAT     the members of the North-American Interfraternity Conference may better serve the educational institutions of which they are an integral part; and

IN ORDER THAT     the Conference and college and university administrators may develop and maintain a closer relationship, to their mutual advantage; and

IN ORDER THAT     the public may be better informed of the role that fraternities play in the constructive development of the young men of this nation.

THESE PRINCIPLES ARE DECLARED:

- A. Loyalty of the Institution will be achieved by:
  - 1. Indoctrinating associate members and members in the history, traditions, and importance of their college or university; and
  - 2. Planning participation by undergraduates and alumni alike in those events that build pride in their institution.
- B. Constructive Training will be fostered by:
  - 1. Directing formal training dedicated to development and improvement of associate members as citizens and as fraternity men; and
  - 2. Stimulating full opportunity for the development of positive leadership abilities;
- C. Intellectual Achievement will be encouraged by:
  - 1. Providing an environment in the fraternity chapter which will stimulate intellectual and cultural progress; and
  - 2. Establish respect for scholarship as the primary purpose of a college education.
- D. Commendable Conduct will be sought by:
  - 1. Teaching and exemplifying the standards for good taste and sound morals; and
  - 2. Disciplining promptly and effectively any active members or associate members who deviate from these standards.
- E. Management Responsibility will be promoted by:

1. Emphasizing the imperative nature of responsibility in the role of good citizenship; and
  2. Developing progressive experience in management as the members gain maturity.
- F. Democratic Principles will be inculcated by:
1. Encouraging freedom of thought and action within the democratic processes and procedures of the member organizations; and
  2. Lending active support to those who protect our constitutional rights as citizens and as Americans.

In the implementation of these principles, we see the guidance and cooperation of college and university administrators. In turn we pledge ourselves to sincere effort in the achievement of these objectives as evidence that the college fraternities continue to be a powerful force in the constructive development of young men in the transition from youth to manhood.

### **INTERFRATERNITY SENATE CONSTITUTION & BYLAWS PREAMBLE**

We, the fraternities on the campus of Washington State University, believe that a well-organized fraternity community can provide a strong, positive contribution to the primary function of the University. Associate members are expected to be fully engaged and involved in the meetings and discussions of the Association but are not recognized as a voting chapter in the Association. No chapter may be an associate member for longer than two calendar years from when they were voted into associate status.

All associate member chapters must also submit the Chapter Progress Report form to the Center for Fraternity and Sorority Life and to the IFC office

every two months by the first day of the month. For the fall semesters, the first report is due in September, and in February for the spring semester.

The privileges and services offered by the University recognition of a fraternity on campus are deemed to be necessary for the success of IFS chapters. Therefore, no chapter may be granted full or associate membership in the Association without being a University recognized fraternity.

Membership in the Interfraternity Senate (IFS) is necessary before a fraternity can receive certain benefits granted by the University. The IFS is within its rights to establish reasonable criteria for membership in the IFS.

### 5. Section V: Criteria for Recognition from IFS

Having gained sponsorship from an NIC, NALFO, or NPHC group, a college chapter seeking IFS recognition must petition the IFC for associate membership status. Upon receiving a petition the IFC must report the petition to the IFS. IFS associate member status will be granted upon determination that the college chapter has established a relationship with the (inter)national group and met the requirements expected by the IFS. A chapter may not re-petition for associate member status until six weeks after the last rejection.

- A. A fraternity may be eligible for associate membership upon completing the following requirements:
  - 1. The chapter submits a constitution approved by the IFC.
  - 2. The chapter elects officers for the group and submits their contact information to the IFC Director of Finance and to the Center for Fraternity and Sorority Life.
  - 3. The chapter's (inter)national organization submits a letter to the IFC expressing their support of the local chapter and their efforts toward recognition.
  - 4. The chapter officers and members agree to comply with all provisions of the IFS Constitution and Bylaws.
  - 5. The chapter submits a complete chapter roster to the Center for Fraternity and Sorority Life.

- B. After sixteen academic weeks of associate status, the associate member chapter is eligible to be granted full membership in the IFS when, in addition to the conditions expected of associate membership, the following conditions are met:
1. The chapter secures an advisor that meets the minimum requirements as documented by the chapter's (inter)national organization.
  2. The chapter establishes a corporation board (or a housing board if the group rents or owns a facility).
  3. The chapter obtains adequate liability insurance, as outlined in the Relationship Agreement.
  4. The chapter is financially solvent and has no outstanding debt to the IFS.
  5. The chapter's (inter)national organization submits a letter to the IFC expressing their support of the local chapter and their efforts toward recognition. This must be a new letter from that of section A, item 3 above.
  6. While the chapter is an associate member, it actively participates in appropriate IFS activities including regularly scheduled meetings, leadership conferences or retreats, Greek Week, and other activities deemed beneficial for the chapter and IFS membership as a whole.
  7. The chapter demonstrates compliance with the Washington State University UAH (if applicable), Student Code of Conduct, and IFS Constitution and Bylaws within its time as an associate member chapter.

The IFC will review the petition for membership and must present its findings to the IFS. The IFS will then vote to decide if the chapter will gain full IFS membership. Two-thirds of the full member association chapters must agree that the membership criteria have been met. If the criteria are not met, a full report from the IFC President will be sent to the chapter and the (inter)national organization listing those areas of deficiency. The group may re-petition six weeks after rejection.

## **6. Section VI: Loss of Membership**

Student Standards and Accountability must petition the Interfraternity Senate for re-admittance to associate membership status. A chapter must meet the requirements under this section if it has been unrecognized for four or less academic years. This does not include the year in which the chapter lost recognition. No chapter may petition to reach full membership without first completing sixteen academic weeks under associate member status. Petitions must be ratified by a two-thirds vote of all current IFS member chapters before re-admittance will be granted into the Interfraternity Senate of Washington State University.
